INTRODUCTION

Weathering the Storm: The Impact of the Great Recession on Long-Term Services and Supports is the most comprehensive analysis to date on the budget cuts to both Medicaid and non-Medicaid funded long-term services and supports (LTSS) in each state. It also illustrates state-by-state how LTSS are financed. In addition, this study provides a very early snapshot of the likelihood of states pursuing some of the LTSS provisions within the Affordable Care Act (ACA).

Weathering the Storm contains several components:

- The full report with an overview of findings and state-by-state tables;
- State profiles, which are 4 to 5 pages in length, for each state that participated in the study;
- An In Brief, which is a short synopsis; and
- A videotaped interview about the key findings.

Hard copies of *Weathering the Storm* are available free of charge. To order, please call the AARP Public Policy Institute at (202) 434-3890 or email jgasaway@aarp.org.

All of the components of *Weathering the Storm* are also available on the web and can be found at www.aarp.org/ppi, www.nasuad.org, and www.healthmanagement.com.
