Subject: Cybertax 2009-05: TaxWise Minor Update 23.05

From the IRS:

TaxWise Minor update version 23.05 is now available. Minor updates are not required to be downloaded by all sites. Partners should read the attached release notes and determine if they are impacted by the changes made. The purpose of this update was to correct a batching error when bank products include multiple states. Since bank products are not included in the product provided to the volunteer sites this update is not mandatory. Minor updates are not provided for download to the Electronic Filing Center. All minor updates are included in the next major update. Partners who do not have access to the internet and want to download this minor update can contact the customer support site to request the minor update be sent to them through TaxWise mail. Update notes are attached.

Leaders, please share this information with volunteers who may not receive CyberTax.

**CyberTax messages will be available weekly on the Extranet (<http://www.aarp.org/tavolunteers>) in the "General Program Communication" section.
